WOULD LIE AWAKE ALL NIGHT WITH ITCHING ECZEMA

"Ever since I can remember I was a terrible sufferer of ezerna, and other irritating skin diseases. I would lie awake all night, and my suffering was intolerable. A scaly humor settled on my back, and being but a child, I naturally scratched it. It was a burning, itching sensation, and utterly intolerable. It did not take long before it spread to my shoulders and arms, and I was almost covered with a mass of raw flesh on account of my scratching it. I was in such a condition that my hands were tied. A number of physicians were called, but it seemed beyond their medical power-and knowledge to cure me. Having tried numerous treatments without deriving any benefit from them, I had given myself up to the mercy of my dreadful malady, but it thought I would take the Cuticura treatment as a last resort. Words cannot express my gratitude to the one who created "The Cuticura Miracles," as I have named them, for now I feel as if I never suffered from even a pimple. My disease was routed by Cuticura Soap and Ontment, and I will never be without them, in fact, I can almost dare any skin diseases to attack me so long as I have Cuticura Remedies in the house."
